# Nu Html Checker

This tool is an ongoing experiment in better HTML checking, and its behavior remains subject to change

## Showing results for contents of text-input area

---

### Checker Input

Show ☑ source    ☐ outline    ☐ image report

Options…

Check by [ text input ▼ ]

```
            </div>

            <div class="espaimenu">
                    <div id="menu">
                            <ul>
                                    <li><a class="active"
href="index.html">Play/Pausa</a></li>
                                    <li><a href="comesjuga.html">Instruccions</a>
</li>
                                    <li><a href="about.html">Sobre...</a></li>
                            </ul>
                    </div>
            </div>

            <div class="lluna"></div>
```

Check

---

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

Message Filtering
